The Elihu L. Jury Travel and Research Award is made possible by the generosity of Elihu L. Jury, O.S.T.A. The award is intended to support the travel and research of outstanding graduate students, primarily in the fields of electrical engineering or its successor technologies, in Harvard's Division of Engineering and Applied Sciences.

Vaidhyanathan Neeraj
Assistant, Nano-K, Harvard University

Dionysis Stefanatos

The Harvard Division of Engineering and Applied Sciences

Elihu L. Jury Travel and Research Award

for groundbreaking work on optimal quantum control.

is pleased to present the

Vaidhyanathan Neeraj
Dean of Engineering and Applied Sciences
